Lighting can be the difference between a good shot and a great one. Walk into most professional photographer's studios and you'll be confronted with truckloads of lighting equipment. To the average hobby photographer it's enough to make your mind boggle and for your stomach to turn as you think about the cost of it [!]

DIY Lighting Hacks for Digital Photographers

Oh, thank you for the idea! I've never tried their shampoo bars, but now that you mentioned I'm thinking about trying those out and may be DIYing them - but would definitely need to see if they're in fact cheaper to make than to buy, cause, you know, sometimes it's not worth homemaking a product money and time wise.
